Has anyone ever used a fertilizer, like ammonium nitrate?

Speaking of the meaning of "72":

I'm interested in these _old_ number codes.
----> What _is_ the origin of "88's" and "73's" ?
----> Were there others, now no longer used?

Email or post responses.

I have a Pye Bantam with a 'problem' and I very much need a circuit diagram
to fix it. Does anyone have a circuit diagram for this transceiver or
who can tell me where I might be able to get one ?

Any help appreciated.... prefer email responses.

Thanks

Mike

Has anyone a circuit diagram / repair manual for the Burndepth
DYMAR M2080AM/FM 2m rig ? Any pointers appreciated.

Many thanks,

Peter Green.
